SRT signs new preferred partnership agreement in Middle East

Software Radio Technology plc ("SRT" or the "Company") is pleased to announce that it has signed an AIS supply agreement with Elcome International LLC of Dubai ("Elcome").

Elcome is one of the largest marine electronics companies in the Middle East with operations across most of the region. It is involved in a wide variety of activities from general ship system service and supply to the supply and installation of large marine network systems. The agreement means that SRT will be Elcome's preferred supplier for AIS based devices across its various projects and opportunities.

SRT will supply Elcome with its full range of AIS products including its new range of secure AIS Class A and B transceivers as well as the new Identifier product.

Simon Tucker, SRT CEO said: "Our strategy is to form long term mutually beneficial partnerships with companies who have strong sales channels and delivery capabilities. Elcome is an ideal partner for SRT in the Middle East and equally SRT provides Elcome with access to a full range of high quality AIS equipment to supply existing and expected future demand."
